

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

OCTOBER 23, 2007

Internship Program

The new Hertzberg-Davis Forensic Science Center, which was dedicated on May 11, 2007, will house the Los Angeles County Sheriff’s Department Scientific Services Bureau and the California State University Los Angeles’ (CSULA) School of Criminal Justice and Criminalistics, among others. This state-of-the art Forensic Center will not only fully accommodate the needs of today but was designed and built to meet the growing demands of the future. CSULA has had a growing forensic science program, which has been a part of the school curriculum since the founding of the school in 1947.

The joint tenancy and common interests of these agencies provides for a unique recruitment and employment opportunities that would prove mutually beneficial to the Sheriff’s Department and the students of the University.

I, THEREFORE, MOVE that the Board of Supervisors direct the Chief Executive Officer to work with the Sheriff’s Department and the California State University Los Angeles to explore the development of an internship program at the new Hertzberg-Davis Forensic Science Center and report back to the Board in three weeks.
